

Welcome to Pro-Motion Physical Therapy

We need a prescription that has been written in the last 30 days to treat you for therapy.

****VERY IMPORTANT**** WE NEED TO KNOW WHEN YOU ARE GOING TO THE DOCTOR

You will need to take an updated progress note with you to your doctor's appointment to either get the doctor to continue your therapy or to officially discharge you. If you do not have a doctor's appointment scheduled, please call our office as soon as you schedule it.

Thank you

Pro-Motion Physical Therapy
